

Как активировать freePBX ?

6) Теперь перейдём к активации. Это, по идее, не обязательно, но если мы захотим воспользоваться некими платными продуктами, то без неё никак.

Так что пусть будет, тем более, что всё что для неё нужно – это валидный e-mail.

Заходим Admin – System Admin – Activation

- Asterisk CLI
- Asterisk Modules
- Asterisk Phonebook
- Backup & Restore
- Blacklist
- Bulk Handler
- CID Superfecta
- Call Accounting
- CallerID Lookup Sources

Ещё разок «Activate».

Welcome

Welcome to your new FreePBX Server

Thanks for installing FreePBX!

Your machine is almost ready to go. Before you get started, would you like to activate your new server?

Activation is optional, but is highly recommended. Activating your server is required to purchase Commercial modules and Paid Support.

Would you like to activate your new system now?

Заполняем данные.

Email Address: ещё раз тот же самый.

Your Name: здесь вводим имя, не ник-нейм.

Phone Number: телефон можно левый.

Alternative Number: этот можно не заполнять, либо ещё раз ввести тот же самый.

Business Name: здесь можно ник-нейм.

Which best describes you: здесь выбираем «I use your products and services with my Business(s) and do not want to resell it»

Address 1: Karpinskogo 24 (здесь лучше ввести реальный адрес, если введёте какой-нибудь Vice City, выскочит ошибка)

Address 2: тут ничего не надо

City: Perm (тут тоже не надо Vice City вводить 😊)

Country: Russian Federation

State/Territory: Permskaya

Do you agree to receive product and marketing emails from Sangoma? (Получать всякий спам от компании Сангома?): **No**

I agree to the terms and conditions: [**V**]

И нажимаем «**Continue**», если учётка уже существует, или «**Create**» если делаете всё в первый раз.

Пример.
